INSTRUCTIONS:

1. Use a 6mm jump ring to attach an eye pin to the loop on top of a matte gold spike charm. Slide on a Swarovski briolette spacer, a rhinestone rondelle metal bead, and two 4mm Swarovski AB bicones. Trim the end of the eye pin and form a loop to make a beaded drop. Repeat this step two more times.
2. Connect the loops of the beaded drops, from the previous step, to loops 1, 3, and 5 on the bottom of a large chandelier gold charm.
3. Cut two six-link length of gold chain. Use 6mm jump rings to connect a Swarovski mini oval pendant to the link on one end of each length of chain. Use 4mm jump rings to connect the link on the other end of the chains to loops 2 & 4 on the bottom of the large chandelier gold charm.
4. Connect the loop on an eye pin to the top loop of the large chandelier gold charm. Slide two 4mm Swarovski AB bicones onto the eye pin. Trim the end of the eye pin and form a loop*. (Attach that loop to the bottom loop of an ear wire, being sure the direction of the loop you made in the eye pin allows the chandelier earring to face forward.)
5. Repeat steps 1-4 for the matching earring.
