Tootsie Pops (1 bag or more – depending on how many bunnies you are making)

(*number of bags needed depends on how many bunnies you are making)

(**choose your colors)

Tools Needed

Wire Cutters or Flush Cutters

Scissors

Pencil

Bead Reamer or Skewer

*Hot Glue Gun (*CAUTION: Adult Supervision Required!)

Tweezers (optional but helpful for applying wiggle eyes)

Techniques to Know

Tying a Bow

INSTRUCTIONS:

1. Use scissors to trim the wrapper edges at the top of the tootsie pop down to the bottom of the stick.
2. Slide a bead reamer or skewer down through the middle of a 1 ½" pompom. Discard the fluff that pushes out. Slide the stick of the tootsie pop through the middle of the pompom until the pompom rests on top of the tootsie pop. Use scissors to trim the pompom to desired size of your bunny head.
3. On the back side of the glitter paper, use pencil to sketch a pair of joined feet that will fit underneath the tootsie pop. Use scissors to cut the pair of feet out. Turn glitter side up and use glue gun to place a dot of glue onto the back part of the foot. Set the bottom of the tootsie pop down onto the glue so the tootsie pop stands up.

4. Use glue gun to place dots of glue for the nose and two cheeks of the bunny. Press on a small pink pompom on for the nose and small white pompoms for the two cheeks.
5. Use glue gun to place two dots of glue for the eyes. Use tweezers, if you have them, to press wiggle eyes onto the glue (tweezers protect fingers from the hot glue).
6. Use glue gun to place two dots of glue for the front paws. Press medium pompoms onto the glue (use desired color).
7. Use glue gun to place a dot of glue on the back side of the tootsie pop for the tail. Press a large pompom onto the glue (use desired color).
8. Leaving a 1" tail, form a 1 ½ - 2" loop near one end of a white chenille stick and twist the loop at the base. Form another 1 ½" loop next to that loop and twist the base of the loops together. Wrap the tails of the chenille stick, in opposite directions, around the base of the tootsie pop stick. Use wire cutters to trim the tails of the chenille stick. (A dot of hot glue will help hold the base of the ears in place.)
9. Cut a 12" length of cord in desired color. Tie the cord middle of the cord into a bow around the base of the tootsie pop stick or between the body and the head of the bunny. Trim the tails of the bow.

SKILL LEVEL: Beginner (adult supervision required)
