

Supplies Needed

- # 40001143 Gemstone Chips Kit
- #6126524 3" Silver Barrettes, 4 pc. (1 pk)
- #63800130 Silver 26-Gauge Copper Wire, 28' (1 pk)
- #63800130 Bead Stoppers Combo Pack, 8 pc. (1 pk)

Tools Needed

- Wire Cutters
- Ruler
- Scissors

Techniques to Know

- Basic Wire Wrapping
- Stretch Cord Knot (see illustration)

Single and Double Strand Barrette Instructions:

1. Cut a 12" length of wire for a single strand barrette and 20" length of wire for a double strand barrette.
2. Open the barrette. Wrap one end of the wire, a few times, through the hole on one end of the barrette and around the end of the barrette.
3. String on a combination of gemstone beads or gemstone beads **and** silver beads that meet the hole on the other end of the top of the barrette. Bring the wire through the hole on that end of the barrette and wrap it, a few times, around the end of the barrette and back through the hole.
4. For a single strand barrette, trim off wire tails. For a double strand barrette, continue stringing on a combination of gemstone beads or gemstone beads **and** silver beads that meet the hole back on the other end of the top of the barrette. Bring the wire through the hole on that end of the barrette and wrap it, a few times, around the end of the barrette and back through the hole. Trim off wire tails.

Bracelet Instructions:

1. Cut a 14" length of clear stretch cord. Place a bead stopper on one end of the stretch cord to prevent beads from falling off while stringing. Bead stopper can be moved back and forth from one end of the stretch cord to the other while stringing.

2. String approximately 1" of gemstone chips (and silver beads, if desired) onto the middle of the stretch cord. Continue stringing silver beads onto each side of the gemstone chips until desired bracelet size is reached.
3. Use a stretch cord knot to tie stretch cord ends together. Trim off stretch cord tails.

SKILL LEVEL: Beginner

APPROXIMATE CRAFTING TIME: Less than 1 Hr.

Stretch Cord Knot:
