

Supplies Needed

#34774099 Small Gold Curb Chain, 46" (2 pk)

#34712001 Gold Findings Starter Pack, 145 pc. (1 pk)

Tools & Supplies Needed

Wire Cutters

Round Nose Pliers

Flat Nose Pliers

Techniques to Know

Cutting Chain

Jump Rings

Instructions: (See attached image. Chain lengths can be adjusted for different body sizes.)

1. Cut the following lengths of gold chain: 15", 18", 3.5", 5.75", 10", 14.5", and 19".
2. Use a jump ring to attach a lobster clasp to one end of the 15" chain. Cut a 3" length of extender chain and use another jump ring to attach the extender chain to the other end of the 15" chain. Connect lobster clasp to that jump ring. This is the neck choker of the body chain.
3. Put the choker on and determine which link in the choker to connect one end of the 3.5" chain to so it lines up with the top of the shoulder. (Ours measures 3.5" from the lobster clasp.) Remove the choker and use a 4mm jump ring to attach one end of the 3.5" chain to that link.
4. Use a jump ring to attach both ends of the 18" gold chain, together, (this will be the arm of the body chain) to the other end of the 3.5" chain. This is the arm chain of the body chain.
5. Use a jump ring to attach one end of the 5.75" chain to the choker on the fourth link down from where the 3.5" chain is connected. Use another jump ring to attach the other end of the 5.75" chain to the arm chain on the fourth link down from where the 3.5" chain is connected.
6. Use a jump ring to attach one end of the 10" chain to the choker on the fifth link down from where the 5.75" chain is connected. Use another jump ring to attach the other end of the 10" chain to the arm chain on the fifth link down from where the 5.75" link is connected.
7. Use a jump ring to attach one end of the 14.5" chain to the choker on the fifth link down from where the 10" chain is connected. Use another jump ring to

attach the other end of the 14.5" chain to the arm chain on the fifth link down from where the 10" link is connected.

8. Use a jump ring to attach one end of the 19" chain to the choker on the fifth link down from where the 14.5" chain is connected. Use another jump ring to attach the other end of the 19" chain to the arm chain on the fifth link down from where the 14.5" link is connected.

9. To wear the body chain, place the left arm through the arm chain and attach the choker around the neck so the other chains drape down.

SKILL LEVEL: Advanced Beginner

APPROXIMATE CRAFTING TIME: 1 Hr.
