

## Thanksgiving Necklace & Earrings Set

### Supplies Needed

#34713074 Autumn Multi Glass Bead Mix, 50 G (2-3 pk)

#2949749 Round Gold Plated Metal Beads, 10 pc. (2 pk)

#34712001 Gold Findings Starter Pack, 145 pc. (1 pk)

#34718102 Gold Cable Chain, 30" (1-2 pk depending on desired length of necklace)

### Tools Needed

Needle Nose Pliers

Round Nose Pliers

Wire Cutters

### Techniques to Know

Form a Loop

Jump Rings

Cutting Chain

### EARRING INSTRUCTIONS:

1. Slide the following beads onto an eye pin: a topaz disc, green round brown disc, metal gold round, yellow round, metal gold round, green disc, brown round, and a topaz disc. Trim the stem end of the eye pin and form a loop to make a beaded link. Form the beaded link into a slightly curved shape with the open loops on each end facing upwards.
2. Cut two 12-link lengths of chain. Attach one end of each length of chain to a loop on each end of the beaded link.
3. Use a 4mm jump ring to attach the other end of the lengths of chain to the bottom loop of an ear wire.
4. Repeat steps 1-3 for the matching earring.

### NECKLACE INSTRUCTIONS:

1. Slide the following onto a head pin: crimp tube, larger green bead, metal gold round, brown disc bead, metal gold bead, yellow bead, metal gold bead. Trim the stem end of the head pin and form a loop to make a beaded drop.
2. Repeat step 1 again using the following: crimp tube, large brown oval bead, metal gold round, yellow disc bead, metal gold round, grey/green bead, and metal gold round
3. Repeat step 1 using the following: crimp tube, larger yellow bead, metal gold round, green disc bead, metal gold round, brown bead, and metal gold round.
4. Use 6mm jump rings to hang the beaded drops from steps 1 & 2 from the circle side of a gold toggle set.

5. Attach a 6mm jump ring to the loop on the beaded drop from step 3. Use another 6mm jump ring to hang the jump ring from this beaded drop to the circle side of the gold toggle set so it hangs between the other two beaded drops.
6. Slide the following onto an eye pin: large green bead, metal gold round, yellow disc bead, metal gold round, and brown bead. Trim the end of the stem and form a loop to make a beaded link. Repeat this step one more time.
7. Slide the following onto an eye pin: medium/small topaz bead, metal gold round brown disc bead, medium/small green bead. Trim the end of the stem and form a loop to make a beaded link. Repeat this step one more time.
8. Cut the following lengths of chain: two 9-link lengths and two 7-link lengths.
9. Use a 4mm jump ring to join one end of each 9-link length of chain together. Use another 4mm jump ring to connect the previous jump ring to the loop on the top of the circle side of the toggle set from step 4.
10. Connect the loops on each large green bead end of the beaded links from step 5 to the other end of each 9-link length of chain.
11. Connect one end of each 7-link length of chain to the loops on the other end of the beaded links from the previous step. Connect the other end of each 7-link length of chain to one end of each beaded link from step 6.
12. If you wish necklace to be able to slide the necklace over the head, cut remaining chain into a length long enough to connect to the other end of each beaded link from the previous step and slide over the head. Connect each end of chain to the loops on the ends of those beaded links.
13. If you wish necklace to be shorter, cut two lengths of chain to desired necklace length. Connect one end of each length of chain to the other end of the last beaded links. Use a 4mm jump ring to attach a lobster clasp to the other end of one length of chain. Attach a 6mm jump ring to the end of the other length of chain.

**SKILL LEVEL:** Advanced Beginner

**APPROXIMATE TIME:** 1 Hour
